

SNZ CYBER INTELLECTS

Think Secure. Think SNZ

SNZ CYBER INTELLECTS

India's Leading Cyber Security Company

SNZ CYBER INTELLECTS

Think Secure. Think SNZ

ABOUT US

In an era where cyber risks are evolving faster than ever, SNZ Cyberintellects LLP empowers businesses to stay secure, compliant, and resilient. We are a next-generation cybersecurity company delivering end-to-end protection through a blend of advanced technology, real-world expertise, and proactive strategy.

As your trusted cybersecurity partner, we offer:

- **VA/PT (Vulnerability Assessment & Penetration Testing):**
 - Identify and fix security gaps across IT infrastructure.
- **Simulated Attacks:**
 - Realistic phishing and cyberattack simulations to test readiness.
- **Awareness Training:**
 - Educate staff via phishing simulations and security workshops.
- **Endpoint Security:**
 - Protect devices with advanced antivirus, EDR, and policy controls.
- **Network Security:**
 - Safeguard networks through firewall, IPS, and traffic monitoring.
- **Cloud Security:**
 - Secure cloud environments across AWS, Azure, and GCP.
- **Data Security:**
 - Protect sensitive data using encryption and DLP controls.
- **Risk Assessment:**
 - Analyze threats and evaluate business impact.

SNZ CYBER INTELLECTS

Think Secure. Think SNZ

- **GRC Services:**

- Align with ISO, NIST, PCI-DSS, and stay audit-ready.

- **Managed Security (MSSP):**

- 24x7 threat monitoring and SOC services.

**At SNZ Cyberintellects LLP, we combine strategy with execution, ensuring your digital ecosystem is not just protected—but future-proofed.
Securing Your Digital Vision. Powering Business Confidence.**
